## DISTRIBUTION DATE - (Definition)

The date for which you should plan to distribute pre-ordered fundraising products to your customers.

## YOUR PRODUCT WILL BE DELIVERED 1-2 DAYS PRIOR TO YOUR DESIGNATED DISTRIBUTION DATE

(On the Thursday or Friday before your Saturday distribution).

Please have a designated storage area pre-arranged to keep your trees cool and safe until you set up your distribution lot. If you are setting up your distribution lot on a Friday evening (so that you will be ready first thing Saturday morning), you might consider having one or two volunteers camp out in the lot overnight.

## EXCEPTIONS –

It is our greatest intention to meet everyone's needs as far as their preferred choice of distribution dates. There are two circumstances under which we will ship your order on a date outside the predetermined schedule :

1. Your order will fill one (or more) complete trailer(s) (approximately 500 trees)
2. You agree to pay the freight on one full trailer regardless of its capacity (we will assist in finding someone to share the trailer with you but we offer no guarantees).
